DESOPON® FOA

Major component

• Derivatives of synthetic and natural oil

Property

• DESOPON FOA is suitable for a wide range of soft leather, such as garment leather, furniture leather, soft shoe upper, and so on.
• The treated leather exhibits exceptional fluffiness and fullness, together with a silky smooth texture and creamy surface.
• Its excellent penetration ability in leather ensures superior softness and suppleness.
• It not only enhances the dye uniformity and lightfastness but also has a high absorption rate.
